

Taido Summer Weekend

June 15th and 16th in Lübeck

We organize a little training camp in Lübeck on the weekend of June 15th and 16th.

The training camp is organized in connection with the 50th anniversary of the Fachhochschule in Germany. There will be a show of sports on a stage on Saturday June 15th. After the show, there will be an outdoor possibility for beginners to try these sports, if the weather is suitable.

There are some strict restrictions to the show:

- we have only 5 minutes
- the space is limited to 3m times 10m
- a rehearsal will be held on Friday evening

This means that the Taidoka from Lübeck will train a choreography for 4-5 persons and we would like to have another 4-5 persons on Saturday to train the same choreography, so that we will have two groups on the stage. We'll organize a normal training for any additional people taking part to the camp.

On Sunday we will have training as normal.

We have Iaido as a visiting martial art on this camp.
